September 2017

Dear Community Partner,

On behalf of Swan Valley Communities That Care (SVCTC), we would like to inform you that we are planning to host the **Spooktober-Fest Haunted House** experience once again. This Halloween experience was very well received last year with over 1450 attendees and we are hoping to make the event bigger and better this year, again with help from Swan Valley community groups and individuals.

At SVCTC, our goal is to support children and families and demonstrate how important they are to the community. We feel everyone should know they are valued and heard. Because of this, we also feel it is important to have opportunities to do activities together with friends and family.

Therefore, we would appreciate your support, as a recognized community leader, business, or organization, in participating in the SVCTC Haunted House! Proceeds from this event are allocated towards youth initiatives that benefit all Valley youth.

The **Swan Valley Museum** has generously offered to let us host the Haunted House experience October 2017 at their location. Due to the scope of the event, we need your support. With everyone's participation in creating this Haunted House experience, we will once again make this the Halloween Hub of 2017. The Haunted House will be open to the public to tour with a similar schedule to that which we had last year. The dates for this year's event are October **27, 28 & 30th**.

We are very fortunate in having many of our partners from last year agree to adopt a section of the haunted house to decorate, but there is also opportunity for other groups and organizations to be involved. Other suggestions made last year were to provide an outside maize experience with bales, pumpkins, or corn stalks, face painting and more interactive experiences. We would like you to consider "adopting" a section in the Haunted House.

This year we are hoping that the Haunted House will become a Halloween Hub for the Valley. In addition to decorating and operating a section of the Haunted House there are many other ways to get involved. Halloween is just around the corner. Please take some time to consider the opportunity. We would appreciate your response by September 27th, if you plan to adopt a section of the Haunted House to create your own scary place or by Oct. 20th if you are willing to contribute or volunteer in any other capacity.

Please contact SVCTC Coordinator, Beverley Polon, email address: [swanvalleyctc@gmail.com](mailto:swanvalleyctc@gmail.com) or phone 734-4518 or 734-8138 to advise us of your participation in this event or if there any questions that need clarification.
